---

UNIFIX

universal connector

Heavy-duty connection for furniture construction

• extremely stable
• invisible use
• versatile use
• easy to mount
• flush mounting

Functionality

Fixing part is installed flush with the surface

Wood screw with anchor bolt

from panel thickness 30 mm

Applications

• furniture making
• mobile components
• garden furniture
• staircase construction
• store construction
• exhibition stand construction

tray support

table base mounting

Anchor screws for wood and metal

• ø 40 mm
• ø 50 mm
• ø 60 mm
• ø 70 mm
• ø 80 mm

Bench and table fitting

Bed hardware

INDUFIX

table leg connector

• extremely stable
• twist-proof
• simple
• flush with the surface
• self-explanatory
• inexpensive
• universal

Functionality

Flush mounted
from panel thickness 25 mm

Semi-deep installation
from panel thickness 18 mm

ideal for table leg supports

PLANOGRAT

burr strip

from panel thickness 25 mm
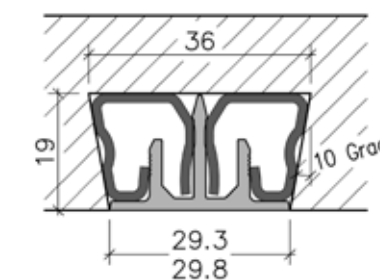

Functionality

cross section

installation

• flush installation with plane cover
• quickly installed by hammering in the clamping strip
• extremely resistant to bending due to 2 stable rolled steel profiles
• also suitable for pull-out tables

Scope of delivery

• 2 rolled steel profiles for stable shaping
• 1 aluminium profile as flush cover

MINIGRAT

burr strip

from panel thickness 19 mm

Functionality

magnetic tape as cover

cross section

knock in with a piece of wood

installation
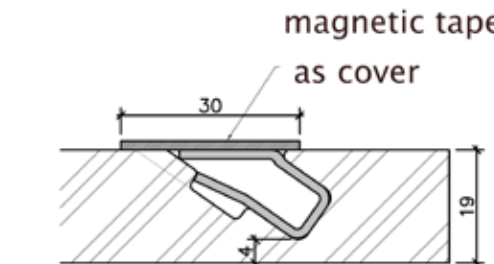

• ideal for solid wood fronts with a thickness of 19 mm or more
• quickly installed by hammering in the steel profile
• no miling through at the front edges
• very bend resistant steel profile

Optical coverage

• with a black matte magnetic strip
• almost flush with the surface

---

*ideal for solid
table tops*

Table extensions attached
absolutely horizontally

Fitting for table extension

- easy installation
- thin, compact profile
- anodized aluminium surface
- aesthetic design

Plug-in and screw-on fitting

- very stable design
- star knob screw for fixation
- simple retroactive extension

Detail dimensions

*ideal for the
hospitality industry*

Table top connector

- safe and high load-bearing connection
- tool-less, one person assembly
- ideal use for insertion plates

Insertion plate
between two tables

Functionality

Detail dimensions

*ideal for
lightweight walls*

- compact dimensions
- inclination adjustable by turning

Rail length: 80 cm / 192.5 cm

Tray support on suspension rail

- multiple screw connection for perfect support
- easy and time-saving installation
- continous adjustment of the fitting
- possible to put several brackets on one rail

Suspension rails made of aluminium

- easily shortened to required length
- standard length: 80 cm
- standard length: 192.5 cm
- pre-drilled rail for simple wall mounting

---

gluing aid

Functionality

NEW

**from corpus thickness 16 mm**

Corpus glueing:

- without cabinet clamp
- without screw clamp

- almost tool-free assembly
- saves time and energy
- ideal for self-assembly furniture industry

**No clamps
necessary!**

- For use in the area of the clamp, only a 10 mm hole with a countersunk bevel is required
- During assembly, all holes must be glued and the corpus parts are only joined together with a rubber hammer
